# HDB Marine & Harrison Chamber of Commerce presents...

## 4 – Person Yellow Ball Scramble

On the first tee, each player will select the holes which they will use the yellow ball. This creates a rotation that must be followed throughout the 18 holes.

Example: If you choose #1 to use the yellow ball, you will again use it on holes 5, 9, 13 & 17. Each scorecard is marked indicating this rotation. Therefore, two players will use the yellow ball on 5 holes and two will use it on 4 holes. Yellow balls/mulligans will be sold for \$10.00 each. Each team will be issued a yellow ball and players may purchase up to 2 yellow ball mulligans. Mulligans can be used at any time but remember if your team should lose all of your yellow balls, your score shall not count. Yes, you may share yellow balls, with your teammates, but remember, if your team should lose all of your yellow balls your score shall not count. Therefore, we strongly suggest and encourage you to support the Harrison Community Benefit by purchasing mulligan balls.

Scoring for the Yellow Ball foursome will be the yellow ball score plus the scramble score of the 3 other players. These two scores will be added together and adjusted according to the formula below for your total team score.

Thank you for your community support and good luck!!

### **HANDICAPPING FORMULA**

<u>Individual Handicap</u>	<u>Tournament Handicap</u>	<u>Average Score</u>
0-5	4	75 under
